Milé kolegyně a kolegovia, milé sestry,

dovoľujeme si Vás pozvať na ďalší ročník kongresu videoonkochirurgia.sk/cz. Znovu sa stretneme v Bratislave a okrem chirurgických tém sa znovu a vo väčšom meradle budeme venovať mezidborovej spolupráci a rozhodovaniu v onkologickej problematike. Vypočujeme si názory expertov v oblasti chirurgie, rádiodiagnostiky, onkológie a histopatológie pri okrúhlym stole a samozrejme, že budeme venovať technickým aspektom nie len miniinvazívnych chirurgických výkonov.

Dear colleagues, dear nurses,

we would like to invite you to the next congress named videoonkochirurgia.sk/cz. We will meet again in Bratislava and, apart from surgical topics, we will focus on interdisciplinary cooperation and decision-making in oncological cases. We would like to hear the expert opinions in the field of surgery, radiodiagnostics, oncology and histopathology sitting at the round table. We look forward to share with you technical aspects of not only minimally invasive surgical procedures.
